

Please outline resulting changes to the following production details:

- **GLASS** Wash system _____
 Water source _____
 Cleaning agents _____
 Cutting Method _____

- **SPACER** Type _____
 Cutting system _____
 Cleaning _____
 Test for adhesion _____

- **CONNECTOR** Material _____
 Assembly method _____

- **DESICCANT** Type _____
 Blend ratio _____
 Storage _____
 Test method _____
 Amount of fill _____
 Fill method _____

- **SEALANT** Type _____
 Storage _____
 Test for adhesion _____
 Application method _____
 Minimum depth for unit design _____

- **GAS FILL METHOD** _____

- **LOW E** Type (sputtered, pyrolytic) _____
 Edge Deletion _____
 Glass Supplier _____
 Product Name _____

- **AIR SPACE ADDITIONS** Low E _____
 Suspended coated film _____
 Grills _____
 Blinds _____
 Tape _____

- **ADDITIONAL DETAILS** _____
